For the past year, AIBA received a lot of congratulations. Chicago was not only the place where the very successful AIBA World Boxing Championships 2007 were held, but also the birth place of the new AIBA on October 22, 2007 when ALL recommendations of AIBA Reform Committee were unanimously adopted by AIBA Extraordinary Congress. AIBA has now 2 major projects: The AIBA Boxing Academy (20 countries bidding, Selection Committee nominated and dealing with bidding proposals) and The AIBA World League (Commission composed of experts involved in professional boxing in the past). A full professional team is now working at AIBA HQs under the guidance of Mr Ho Kim, Executive Director who does not take any important decisions without prior approval.

Mr Hur Nam-Sik, Mayor of the City of Busan, welcomes AIBA.

  ✓ Appointment of Mr Franco Falcinelli, Chairman of Technical & Rules Commission as a non-voting EC member (seating EC meeting)
- Report on Oceania Qualifying Tournament and Recommendations
  AIBA will not host any Olympic Qualifying Tournament in a different manner from the others following the IOC charter. Thus, AIBA will not allow Australia’s demand of sending its two boxers in each weight category to the Olympic Qualifying Tournament. Australia has brought this case to CAS. Another location must be found. According to the President of Oceania Bureau, Mr Lohial Nuau, Samoa could be the new host country. It is later on confirmed by Mr Nuau that Samoa will host the tournament from April 21 to 25, 2008 (arrival April 20, departure April 26).

- EC members’ participation to the Beijing Olympic Games
  ✓ In principle all EC members should be invited
  ✓ The number of rooms will be reduced thus EC members should share rooms
  ✓ AIBA will pay only 50% of the room if not sharing with another EC member as additional budget requirement to accommodate all EC members is of around US$ 150,000
  ✓ AIBA will not pay any per diem
  ✓ No EC meeting should be held during the Games; however, AIBA might consider holding an Extraordinary EC meeting if any issue arises
  ✓ The total Olympic spending could reach US$ 460,000!
All above decisions/proposals are ratified by AIBA Executive Committee.
For the Olympic Games, EC members decide that to share rooms is a better alternative than
 to share periods.

Mr Ho Kim explains that US$ 100'000 will be allocated to assist the federation bidding to host the 2008 World Youth Boxing Championships.

*AIBA Executive Committee unanimously approves the 2008 Budget.*

28. **Autonomy of National Member Federations**
Mr Ho Kim emphasizes that some AIBA Member Federations are having problems to conduct the “Good Governance” due to the influence of their governments, Therefore, AIBA should clearly define the sole representation of its sport by one united federation (not allowing any national federation to represent multi-sports at the same time) as well as demand to receive the constitutions of each member federation and approve it before the decision of a membership status is granted. AIBA should also set the constitutions of future continental confederations in line with its statutes and bylaws and establish a system for sending AIBA representatives to national federation election to observe the process.

*AIBA Executive Committee unanimously approves the above suggestions.*

29. **National Member Federations Issues**
- **Ivory Coast** –President Wu is of the opinion that AIBA must protect its National Member Federations as that their autonomy must be respected. However, since Col. N'Datchi has been accused of misappropriation of funds, further investigations should be conducted by the continental bureau. An official letter emphasizing elections were carried out in a democratic process as well as the reasons why Col. N'Datchi should no longer be the recognized President must be received (together with names and contact details of new board for President and Secretary General).
